

Students who attend any of CTECS' technical high schools are eligible to receive grab and go breakfasts and lunches at the following locations while school is closed.

The towns listed below are the towns where our technical high schools are located. However, we recognize that often our students do not reside in the same town as the school they are attending. If that is the case, and your town is not listed below, we encourage you to visit your town's public school website to see what food services are available.

Need additional food assistance? Visit 211ct.org and search for resources by zip code.
